Conviction Rewarded NAAC 'A' Grade for UCC

UCC has maintained the A grade in the NAAC accreditation process. To be specific, we have improved our performance index and come out with a CGPA of 3.45. Indeed it is a worthy feel, and it is time for a fraternal 'thank you' for the untiring, meticulous and coordinated effort put in by the IQAC, the staff, alumni and students of UCC.

And yet, let us not merely rest on this laurel in a congratulatory mode. Let us sustain this tempo and ensure that UCC scales ever higher heights of academic excellence. That is the essential commitment of the hour and the days to come. Anyways, we just did it!

Principal's Message

Greetings to one and all. Yet once more the time has come for our annual alumni meet. And on looking back at the activities of our college in the last one year, I feel all the more convinced and happy about the unique legacy that UCC has in the social history of Kerala. Perhaps it is the value systems that are innate in UCC's way of functioning that sets it apart from most other colleges of our state.

Ours is a vision where the wards

are oriented to do away with the 'slumber' that often accompany an undergraduate program; also, at the postgraduate level the onus is on an awakening that goes well beyond mere textbook cramming. Arguably we can assure ourselves that our concept of merit is a differently-abled one, and UCC has to carry on with the value system that sees higher education not in terms of gathering information and developing soft skills but in terms of nurturing a social ethos that fosters knowledge and wisdom.

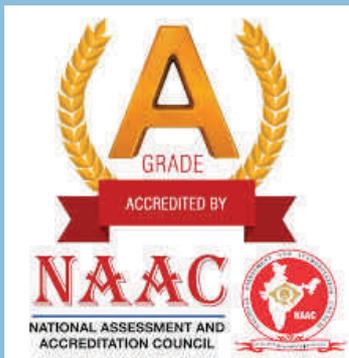

On a personal note, let me put on record that this is my last year in UCC. And as I reflect upon the days I spent here, the one 'event' that is deeply imprinted in me is the NAAC accreditation process. Indeed, we have put up an incredible show, and I take this opportunity to thank the entire UCC fraternity for coming together with a synergy that is laudable. I wish that this spirit will be carried on in the years to come. Also, I am confident that UCC will soar ever higher with its inimitable prestige and quality intact, especially in an era where the total privatization of the higher education sector is wrecking havoc. Let me sign off thus: I have always been proud to have been a part of UCC. That is one emotion that will be everlasting. Thank you all once again.

UC Ente Snehatheeram' A Walk through College Nostalgia

This year, UC alumni welcomed all the UCians for the grand reunion connecting the 1960-2016 UCians on 7 and 8 July 2017. This grand celebration which is called as 'UC Ente Snehatheeram' was notable with its chief guest Most Rev. Dr. Philipose Mar Chrysosthem Mar Thoma Valiya Metropolitan, a distinguished alumnus of our college, who is celebrating his centenary. His bosom friend and hostel room mate Mr C S Philip was also honoured in the function. The ex-UCians joined with their families at the UC College campus to walk down the memory lane once again and relived the good old times. Though the alumni

meets happen every year, a grand reunion connecting generations of students happened after 20 years.

Centenary Celebration of Mar Chrysostham Thirumeni

Yet another memorable page was added to the annals of Union Christian College, Aluva when bishop Mar Chrysostham visited the college on the occasion of his centenary year. He chose to spend the day with the staff, alumni and students of his alma mater sharing his joy on the occasion and savouring his bygone days in the college. Thirumeni responded to questions from the audience with characteristic wit and wisdom doused in crackling humour. Thirumeni's anecdotes and stories often left blanks for audience to fill, upon reflection. Thirumeni's willingness to critically examine oneself before others, was a sharp reminder of a quality fast disappearing in a world that is perennially caught in the vicious cycle of blame game.

Celebrating Centenary

Former Senior Superintendent of our college K K Annamma is celebrating her centenary year. The college community remembers her services to the college with gratitude and offers thanks and prayers to the Lord.

ICF Retreat

Inspire

Inspire is a special Orientation-Cum-Training Programme aimed at integrating students coming from schools and stepping into the higher education scenario, into the academic culture of college life. The programme avails of free hours arising due to the absence of teachers who are assigned first year hours according to the timetable. The interdisciplinary nature of the programme familiarizes students with the various departments and faculty belonging to other departments.

The basic aims of Inspire include introducing research possibilities in higher education, imparting value education, improving student-teacher relationships, fostering healthy friendships on campus, introducing different departments in the college, identifying and encouraging the creative talents of students etc. This is an academic programme exclusively for first year students, reserved only for the duration of the first semester.

May their souls rest in peace.
