Maharashtra

1. Request for correction of distribution of fund under Research & Innovation to institutions not approved by PAB: Under the component of Research & Innovation, the State of Maharashtra was given total approval of Rs. 20 cr for 7 participating institutions. However, on release of 1st instalment of central share, the State Government disbursed the amount to 9 Universities including 3 universities (Solapur Uni, SNDT Women University and BAMU) which were not approved by the PAB and one university which was approved but no funds were distributed by State (Mumbai University). The State has offered the justification that the fund release was made after satisfying that some of the universities were working collaboratively on research projects with the 7 participating institutions and it was felt that this collaboration would lead to quality enhancement of all the participating universities.

TSG recommendation: In view of the State's commitment to provide Research and Innovation support to all universities, it is recommended that that the request of State be considered and approved with the condition that there would be no further deviation from the PAB approval or sanctions issued. The State Government needs to submit a progress report on the performance till date in respect of all 9 universities till 15 June. No more changes would be permitted and the State needs to strictly adhere to the guidelines and decisions taken by the PAB, else action may be taken to recommend cancellation of the project approved.

PAB Decision : Approved to support 9 Universities

2. Creation of Universities by way of conversion of colleges in a cluster (RUSA 1.0): The State was accorded approval to a cluster university comprising of 1 lead college (The Institute of Science (Lead College)) and 3 clustering colleges ((1) Govt. Law College, 2) Elphinstone College, and 3) Government B. Ed. College). However, the State has now submitted the DPR wherein, one cluster college, i.e. Govt. Law College, Mumbai has been excluded by the State and included a college rejected in the PAB (Sydenham College of Commerce).

TSG Recommendation: The PAB may approve exclusion of 1 college from the 4 approved institutions to become a Cluster University. Hence, the cluster university would now comprise

of: 1) The Institute of Science (Lead College), 2) Elphinstone College, and 3) Government B. Ed. College. No more changes would be permitted and the State needs to strictly adhere to the guidelines and decisions taken by the PAB, else action may be taken to recommend cancellation of the project approved.

College, Sikar* has already utilized Rs 50 lakh of the first installment & Rs 10 lakh from second installment for new construction and renovation of the original building. Now since the college has been shifted to the new building, the requirement of the college has changed. The State requests that the college be permitted to (i) utilize the remaining amount of RUSA grant to the college in its new premises; and (ii) change its DCF as per new requirement.

TSG recommendation: The college be allowed to utilise the grants in the new premises and change the utilisation pattern as per the RUSA 2 Guidelines, provided the amount utilised in the original premises/ building be recovered and utilised for the new building, so that the total amount utilised is Rs 2 crore only for the college approved.
