

### 7.1.9 Sensitization of students and employees of the institution to the constitutional obligations: values, duties and responsibilities of citizens

The Institution is committed to inculcating values in its students and has always set examples by being a place of relief to the local community especially during the time of unprecedented floods and the pandemic. During the time when the Government of Kerala announced opening of COVID-19 First Line Treatment Centres (public health centres to treat symptomatic and patients with mild symptoms), the College was ready to provide all its facilities to set up a relief centre in the campus. Several students served as volunteers in the centre.

The Institution organizes programmes to sensitize the students and employees towards constitutional obligations.
