CIRCULAR

It is hereby decided to make our college plastic-free and to eliminate non-essential, non-compostable, single-use plastics. The circular urges students, faculty, and staff to embrace the Reduce, Reuse, Recycle mantra, adopt alternative options, participate in awareness programmes, and take personal responsibility. Together, we strive for a plastic-free campus, setting an example for environmental responsibility. This circular will come to effect from June 5th 2014.

Join us in this commitment to create a cleaner, greener future.

CIRCULAR

Sub: RESTRICTED ENTRY OF AUTOMOBILES Reg:

Ref: Circular No.02/UCC/BP-G1/2017 dated 05.06.2014

As per the Circular dated 05.06.2014, the institution reinforces the rules and norms regarding the restricted entry of automobiles beyond a point in the campus to students.

As part of this resolve, the students are directed to make restricted use of automobiles in the college premises. To accomplish the same, the students shall utilize the public transport facilities or pooling facility. The bicycles available in the campus shall also be used by staff and students to commute in the campus and to nearby places.

The institution also adds the following norms to enforce restricted automobile entry.

The staff shall resort to carpooling system to minimize the entry of automobiles in the college campus. The staff and students are also encouraged to use electric and battery powered vehicles.

The circular will come to effect from 15.10.2021.

This Memorandum of Understanding is made between Union Christian College (The first party) and the NGO PlanatEarth (The second party) dated 26.03.2021 for the purpose of collaborating in implementing education based outreach activities of the college among the economically and socially backward rural communities in the proximity of the college.

The First Party has State of the Art facilities for conducting technology enabled training and education programs as well as Human Resources in terms of experts Teachers in various Disciplines and student community. The second party is a Charitable organisation registered under Travancore Cochin Charitable Societies Act 1955 and has a good presence and rapport with the local community through execution of various projects ranging from dry waste management to awareness classes to rescue, relief, rehabilitation and rebuild programs following the floods of 2018, the NGO is able to implement various capacity building and learning programs for the local community. This Association between the First Party and the Second Party is for a period of 1 year from 1-4-2021 to 31-3-2022. The Association is for the purposes listed below.

1. To conduct baseline studies and need analysis among the local community on behalf and in association with the college
2. To recommend and design training and learning programs in association with the college and using the facilities and resources of the college
3. To design and implement various skilling programs as part of Income Generation Programs for deserving members of the community thus identified
4. To source and engage external resource persons to carry out various skill development projects
5. To assist the college in monitoring the project and documentation and reports
6. To organise meetings with the local community
7. To ensure participation of identified beneficiaries from the local community in training, learning and education programs carried out as part of this project
8. To carry out training programs on themes in which the NGO has proven expertise.

Kallen Pokkudan

Kallen Pokkudan was an Indian environmentalist and social activist who dedicated his life to the conservation of mangrove forests in Kerala, India. He was known for his innovative approach to mangrove conservation, which involved working closely with local communities and empowering them to take ownership of the forests. He set up several community-led mangrove conservation projects and helped establish a mangrove research and training center in Kerala. His efforts were crucial in protecting the fragile mangrove ecosystems and the livelihoods of the local communities that depend on them. Kallen Pokkudan passed away in 2015, but his legacy lives on through the many people he inspired to take up the cause of mangrove conservation.
