LIBRARY

The Library at UCC, with 9300 sq. feet building, has been serving as the central hub for teaching and learning activities for over nine decades. Equipped with international software Alice for Windows and a network connection to all teaching departments, it efficiently caters to the educational needs of the academic community, including more than 2000 students, about 150 faculty members, and 50 non-teaching staff.

ZOOLOGICAL MUSEUM

The zoology museum features a vast array of specimens, including preserved animals, skeletons, taxidermy mounts, and anatomical models. The collections include representatives from various animal groups, such as mammals, birds, reptiles, amphibians, fishes, and invertebrates. Specimens featuring the developmental stages of various animals, including humans are also part of the collection. The exhibits also encompass an extensive collection of molluscan shells, corals, and permanent mounts showcasing diverse protistan species.
