Proposal

Of

Value Added Course

On

1. Microsoft Excel training

For

MBA students

Offered by

School of management studies

Aim:

The Value added courses are provided to enhance student's overall education experience and equip them with additional skills, knowledge, and competencies beyond their core academic curriculum. These courses are designed to offer practical and specialized learning opportunities that can benefit students in various ways like skill enhancement, diversification, entrepreneurship and innovation, personal growth.

Objective:

The primary objective is to equip students with practical skills,and to bridge the gap between academic knowledge and practical application in real world contexts.
